

Magnifying lamp Wave LED ESD

Wave LED is a magnifier for industrial applications and ESD workspaces. Wave LED offers shadow-free magnification with light coming from both sides, as well as three-dimensional magnification with light coming from the left or right. The 3D-feature is especially welcome when working with circuit boards and similar delicate objects. With its rectangular lens, Wave LED is also suitable for reading purposes.

- ESD certificated, suitable for ESD workspaces
- The 3D-feature - three-dimensional magnification with light coming from the left or right
- High quality – maximum flexibility and precision
- Suitable for all Treston Workbenches and other manufacturers of workbenches
