

Drawer unit 45

A versatile, lockable, light grey (RAL 7035) drawer unit, with wheels or a plinth, or the standard model can be mounted under a worktop. The frame comes in two different heights, and there are many drawer combinations to choose from. Drawer units equipped with wheels serve as tool trolleys and additional work surfaces. A cabinet version with an adjustable shelf is also available. Most of the models come with ESD protection, which makes them suitable for use in EPAs.

- 100+ drawer combinations to choose from
- A 450 mm wide drawer unit made from powder-coated (light grey, RAL 7035) steel
- Two different height options
- Telescopic sliders ensure that the drawers open and close smoothly
- A central locking system, so that all drawers are locked simultaneously
- Maximum load 60 kg for drawers that open 100%
- Total load capacity for drawer units with wheels 150 kg
- The standard cabinet version has a floor and one height-adjustable shelf with a maximum load of 50 kg
- A mounting kit, ordered separately, is needed to models mounted under the worktop
