

SAP trolley

An easily movable additional work surface that can be locked in place. Available in two sizes to meet different additional work surface needs. A bottom shelf and a handle, which makes moving the trolley easier, are available as accessories. The height can be adjusted with an Allen key, which means that the trolley can be converted as needed. Often used with Treston TP workbenches.

- A standard trolley that is easy to move where needed
- Powder-coated (light grey, RAL 7035) steel frame, max load 150 kg
- Two different sizes, which all come with the top shelf as a standard feature
- A handle, which makes moving the trolley easier, and a bottom shelf for extra space are available as accessories
- Height adjustment (650–900 mm) with an Allen key
- Four castors that turn (ø 100 mm), two with brakes
- Also available with ESD protection
