

## Heavy shelving system

A shelving system that stands firm under the toughest of conditions. Especially suitable for storing large and heavy objects and items. A shelving unit can be built from cabinets, drawers, and shelves, and it can have either open or solid sides. A comprehensive selection of accessories enables putting together a solution that perfectly suits each user's needs. Also serves well as an individual shelf or cabinet.

- Create a functional shelving unit that meets your specific needs using the standard bays and accessories
- All standard and extension bays include 6 shelves
- Maximum load per shelf: 400 kg (shelf width 700 mm)/350 kg (shelf width 900 mm)
- Maximum load per bay 2000 kg
- Standard depth 700 mm and standard height 2000 mm. Width 750 mm or 950 mm
- Also serves as a screen
- Shelves and cabinets are delivered unassembled

Do you need help for designing a shelving system?
