

Shelving system

A versatile shelving system that meets nearly all storage needs. Can be assembled to meet individual needs by combining shelves and shelving system cabinets, and by adding accessories as needed. The cabinets and shelving can also be used individually. Includes a wide range of accessories and add-ons for creating customized storage solutions.

- A versatile storage system comprising standard bays and extension bays
- Standard bays also work as individual items of furniture; extension bays do not
- Standard and extension bays always include 6 shelves
- Maximum load per shelf 150 kg, total maximum load per bay 1000 kg
- Dimensions of open shelving (mm): width 800/1000, depth 300/400/500/600, height 2000/2400
- Shelving system and shelving system cabinets are delivered unassembled
- ESD protection available
