

Saddle chairs

Treston saddle chairs are of high quality and ensure a proper ergonomic position and free movement, especially suitable for use in industrial environments. Sitting on a saddle chair creates a 135-degree angle between the hips and knees, which improves circulation in the hip and knee joints.

- Adjustable seat height (57.5–82 cm)
- Tilt adjustment for the seat
- Fabric, faux leather, and leather upholstery options
- Black faux leather chair with antibacterial treatment
- Without a load, the wheels brake
- Also available with ESD protection
